THE BioUNIVERSAL

- 350ml / 12oz • 103g
- H: 155mm • D: 90mm
- DPA: 235mm x 80mm

Just like all our other plastic products, the Bio Universal is recyclable. It's special because unlike other plastics it breaks down much faster if it ends up in a microbe rich environment like soil, landfill or the ocean. Once disposed of, in a few years it becomes food for microbes leaving behind no microplastic...just natural remnant.

The Pantone of the Lid and Tumbler is 7499C.

500ML ECO FINGER GRIP

- 500ml / 18oz • 55g
- H: 190mm • D: 68mm
- DPA: 140mm x 89mm

Made from 100% reclaimed food grade material that has been saved from landfill by collection of milk bottles from council recyclers. The colour varies, depending on how many lids and labels fall into the mix.

Please note that the lids are made from normal plastic and can be recycled with the bottle.

THE BioBOTTLE

- 500ml / 18oz • 55g
- H: 190mm • D: 68mm
- DPA: 140mm x 89mm

Like the Bio Universal, this bottle biodegrades much faster once added to a microbe rich environment e.g. landfill.
